

EC5 WARRANTY - POWERED BY ENDUROSHIELD

WARRANTY INFORMATION

EasyClean5 makes cleaning easier and faster by creating a true water & oil repellent surface. ABC Glass and Mirror warrants that EasyClean5 will remain water repellent (bead angle of greater than 70 degrees) for a period of one (1) year from the date of installation.

CONDITIONS

EasyClean5 must have been applied by ABC Glass and Mirror and maintained as per the care instructions to validate the warranty. Any warranty claim requires the end consumer to have proof of purchase, be in possession of the original work order/invoice stating EasyClean5 (EnduroShield) application, and date of installation.

WARRANTY QUESTIONS or CLAIMS

If, within the warranty period and meeting the above conditions, you feel your glass is no longer water repellent, please contact ABC Glass and Mirror and provide a brief explanation of the problem along with your Name, Address, Date of Installation, Telephone Number, and Work Order/Invoice Number.

ABC Glass and Mirror reserves the right to inspect the glass to determine application of the coating and correct maintenance in accordance with the manufacturer's instructions. If it is determined that a treated area is no longer water repellent, EnduroShield will gladly provide replacement EasyClean5 in an amount determined to be adequate to re-coat the unprotected area.

Note: This warranty does not cover any glass or hardware, but only the EasyClean5 coating and application

There are no other warranties that extend beyond the description given by this warranty. This warranty is provided to and is only for the immediate customer. Proof of original purchase is mandatory and must be supplied to ABC Glass and Mirror, Inc. before any resolution or services are provided.
